

PDB 200A

Power Distribution Board

axldrone
your world from above

Simplify your wiring with axldrone's Power Distribution Board

-  **High-Performance Power Handling**
(up to 200A)
-  **Wide Input Voltage rate**
(upto 15-60V)
-  **Optimized Power Outputs**
(4xXT90 connectors)
-  **Compatibility**
(Pixhawk, Cube Orange)
-  **Reliable Analogue Architecture**
-  **Compact & Lightweight**

Item Type:

PDB

Input Voltage

15-60 V

Connectors

4xXT90 Connectors

Converter

DC-DC Converter

Item Weight

90g

axldrone, a leader in industrial drone solutions, delivers purpose-built drones, advanced avionics, and ground control software, backed by over a decade of global R&D and project expertise.
